Medium for Primary Rat Satellite Glial Cells (SGC)

Instruction manual

FOR RESEARCH USE ONLY

NOT FOR USE IN CLINICAL DIAGNOSTIC PROCEDURES

1st Edition (Revised in Jan, 2026)

[Description]

Medium for Primary Rat Satellite Glial Cells, is a liquid medium free of mycoplasma, bacteria and fungi and contains essential and non-essential amino acids, vitamins, organic and inorganic compounds, hormones, growth factors, trace minerals and fetal bovine serum (10%). It is a complete medium designed for optimal growth of Primary Rat Satellite Glial Cells *in vitro*.

[Components]

500 ml of Medium for Primary Rat Satellite Glial Cells consists of basal medium, 50 ml of FBS, 5 ml of Satellite Glial Cell growth supplement and 5 ml of penicillin/streptomycin solution.

Note: FBS, Satellite Glial Cell growth supplement and P/S solution are not pre-mixed in Primary Rat Satellite Glial Cells Medium; they must be added separately to make the complete Primary Rat Satellite Glial Cells Medium.

[Storage]

Store the basal medium at 2-8°C, FBS, Satellite Glial Cell growth supplement and P/S solutions at -20°C.

Protect from light.

[Shipping]

Basal medium : room temperature. FBS, Satellite Glial Cell growth supplement and P/S solutions: dry ice.

[Usage]

FBS, Satellite Glial Cell growth supplement and P/S solutions were thawed at room temperature, sprayed with 75% ethanol on bottles and tubes, and transferred to a sterile operating table. In a sterile field, FBS, Satellite Glial Cell growth supplement and P/S solutions were added to the basal medium and mixed evenly to obtain the recombinant complete medium, which was directly used for culture of Primary Rat Satellite Glial Cells *in vitro*.

Note: When stored in the dark at 2-8°C, the reconstituted complete medium is stable for three months.

[Important note]

- In order to maintain the best use effect of this product, do not place it in room temperature or high temperature environment for a long time.
- This product is for scientific research use only. It is not for diagnostic, therapeutic, clinical, family and other purposes.
